

"This is my dad's favourite beach - Piha."

"This is me and my brother Luke in Rotorua."

This idea comes from **Elodie** (age 9) from Auckland

RUBBISH FRAMES FOR TREASURED PLACES

Step 1

Think about what NZ place, plant, or animal you really love and want to protect.

Step 2

Choose a photo of your place, plant, or animal.

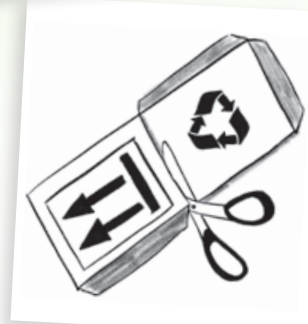

Step 3

Collect litter from around your community (wash and dry it if it's a bit dirty).

Step 4

Get a piece of cardboard for backing, and cut it into the shape you want.

Step 5 & 6

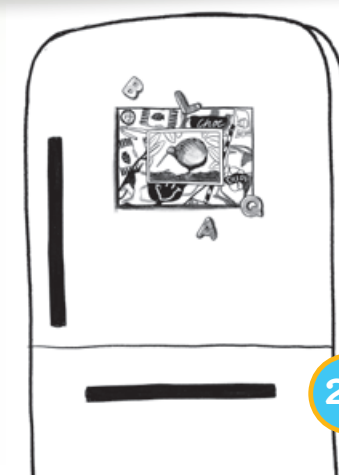

Cut your rubbish into bits. Arrange these how you like on top of the cardboard backing. Stick them down flat to it.

Once it's all dry, stick your photo down on top in the middle, so it is framed by the rubbish.

Step 7

Display your finished picture in a place you will see it a lot so it can inspire you to keep up your Waste Warrior habits!
