

Every day, plastic is killing sea creatures like us. We get trapped in it.

Or eat it by mistake, and it clogs our guts!

BE FANTASTIC USE LESS PLASTIC

Plastic stuff doesn't disappear. It sticks around...

...And often, sooner or later, it gets washed into the sea.

So here's what you can do...

Clean up plastic rubbish. Recycle it if possible. And best of all... **BUY AND USE AS LITTLE PLASTIC AS YOU CAN!**
