

Dear Jacinda Ardern,

My name is \_\_\_\_\_  
and I'm \_\_\_\_\_ years old. I'm writing to  
ask you to look after our climate. New  
Zealand's environment is really special  
- especially our oceans! Did you know  
oceans help fight climate change?  
But they need your help. Carbon pollution  
from cars, cows, and coal hurt our sealife!  
But if we look after our environment, it'll  
look after us. Please protect our oceans  
and our climate now - for the future.

P.S.
