Dear KCC,

As a class we have really enjoyed reading your latest KCC magazine about the Peka Peka Bat. As a class we have studied them all week, which the children have thoroughly enjoyed.

We had so much fun as a class making origami bats, ending with a class competition on who could fly the farthest.

We learnt lots of new and exciting facts about bats and then designed a bat poster.

We finished our week by all writing a letter, motivated from your mail box section. I hope you enjoy reading these and some of our bat posters.

Kind Regards

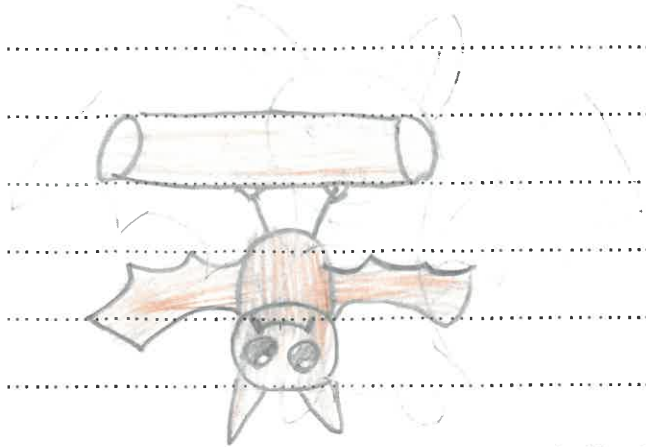

Jo Phillips and Penny Chatfield

Dear KCC

I loved reading your magazine and I enjoyed learning all of the things that I didn't know. One of things I enjoyed the most was making the paper air planes that look like bats in the sky when you fly them. One of the other things I enjoyed doing was spot the differences because I spotted a lot of differences and it was a lot of fun to do.

Dear KCC

I think you have a very interesting magazine. After reading your article on page 22 23 I now know that Maa is way better than Deers. The speech bubbles were really easy for me to read. I really enjoyed reading your bat magazine, KCC you make reading about the environment so much more cool!

Kind regards

Ava Cargill

Dear KEC,

My favourite page of your magazine is 8 and 9  
from Wild things Land mammals Issue 157

I think it's a great idea to make a cat  
flick stick toy or a cat scrunchie (anti-preda-  
tion collar) I also love the game on page  
10-11, battle for bats I loved doing the taumāhe-  
keheke competition.

Dear KCC

I learned abt from your Books 157,

I can't wait to read another one.

my favourite book was Land mammals.

my favourite page was moa and deer.

It was fun learning about both of

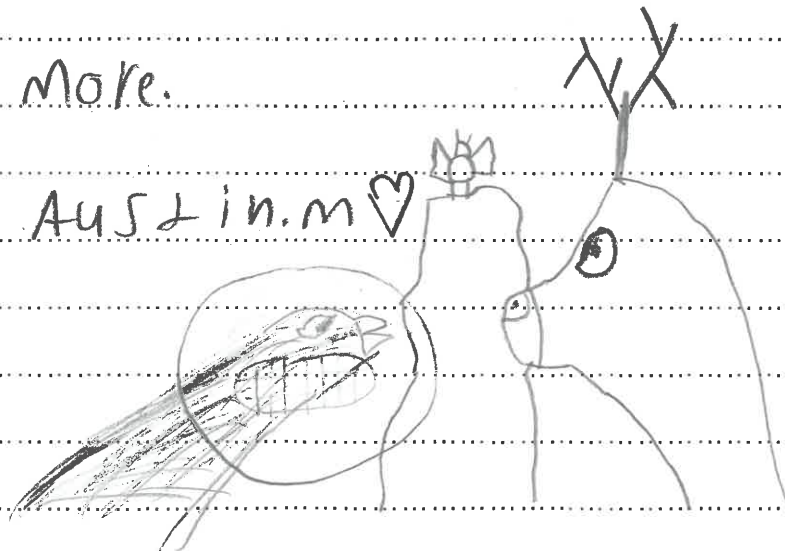

them. I loved learning about the long

tailed bats. I LEARNED SO MUCH!

So Thank you and I hope I can

read more.

Dear KCC

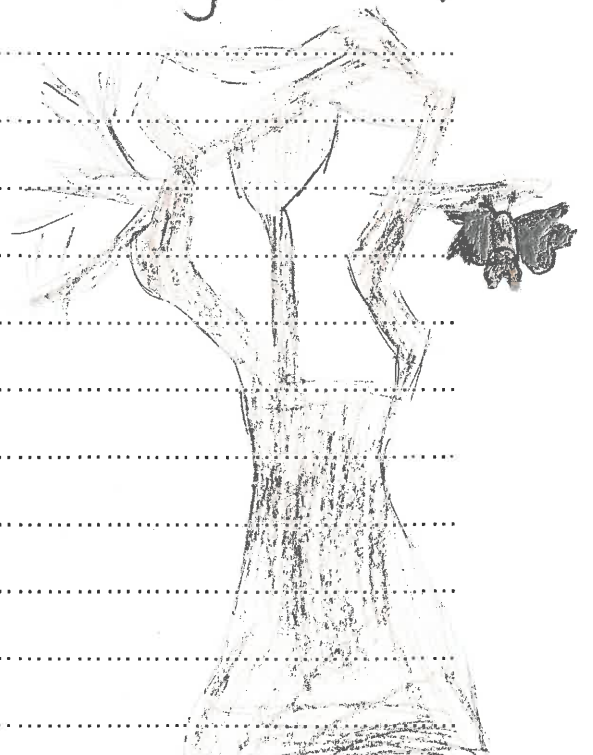

I really enjoyed your Wild Things magazine about bats. I liked page 20 where we had to make a spider web about the "Why we were introduced to Adzeos". I also enjoyed the "ask an expert" I really enjoyed reading about Moa and Peer. Battle for bats was really fun. Me and Amelia found it a bit hard at first then it got easier. Me and Amelia are BFFS. The article I enjoyed was full of battitude pekapeka-toy-poto eat insects fruit pollen and nectar. The bat planes were so much fun I had 8 bat planes. Those bat planes are our virtual pets. I also want to try make a cat scrunchie but for my horse Bali. Me and Amelia are entering the <sup>bat plane</sup> competition.

Dear Kcc

I really enjoyed reading Wild things,  
I loved learning about Moa and Deer  
on page 22 and 23. Battle for Bats  
was so fun. I played it with one  
of my best friends India, we kept  
getting stuck but we worked it out  
in the end. Making the paper bat planes  
were really cool, as soon as the class  
finished we went outside. I climbed  
ontop of the playground and flew  
it, the bat plane soared through the  
air and did a great landing. I  
found out that if you don't  
put too much energy into the throw  
it flies extra long. We had a  
bat flying competition in our class  
a girl called Lola won. She flew  
so well. KEE I really like Wild things.  
ITS THE BEST!

Dear KCC,

I think that this magazine is Amazing for learning about bats and more cool animals. I like how you have more games that I would ever think about. I'll tell you my favourite thing about is the bats they are so cute. I like how you told us about the moa and deer. I think I like the moa, so cute. I like the deer too, but I chose moas, because they're not too destructive.

Friday 9<sup>th</sup> December 2022.

Hello KCC

I chose to do  
this poster because  
your magazine made

my head turn around.  
I used to not know  
anything about bats but

now I know alot.  
I really enjoyed your  
magazine I hope more  
people help to protect bats.

Thank you!  
King regards Lotta.

Long-tailed bats  
need our help!

They are critically  
endangered and

live more than

eleven years old (which

is very old for a

bat.) They have four

pest. We should save them

before they get extinct.

SAVE THE  
BATS

Dear KCC

My favourite pages were, page 24 and 25 because we got to do spot the difference.

We learnt in spot the difference that wild pigs deer and goats kill our forests "so, sad" some times wild pigs

go to the farm next to the forest and eat the lambs, that was 157. Bats

thank you for doing the wild books "they're awesome"

Dear Kcc

I enjoyed your hand mammals magazine. My favourite page was battle for bats. I learnt a lot of stuff in the magazine. Some at class so people were that a lot of people you talk with out talking to them it also was fun to read.

It was also fun making the bats, paper bats my next so far. I made a poster that had a bat on it and I said Save the bat and bat power job.

I enjoyed the moa and Deel attack. Imagine if there was still moa in our forest today wow that would be awesome.

from Lexie
