SAVE THE ^{SHOT} ^{TABLE} BAT FAMILY

The Corser shot talked bat they have three sub-species -
rather small and sub-species. The one most of which they are
one in in North and one on the little banner island.
They hunt on the ground, with tracks there
more of more from ponds they do have face
sub-species.

Save The Long tailed bat

Threatened by pests

1 2 3 4

these bats are critically endangered and only make 1 bat at a time

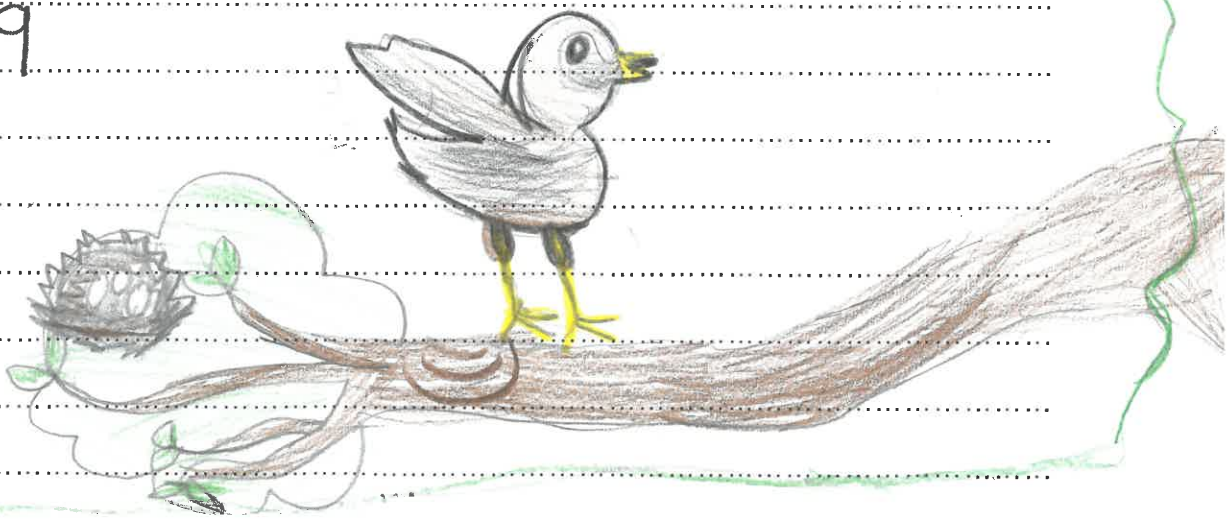

Save Warburton Te Mata school

7 Nimon Street
Temata School Kowhai zone.

9th December 2022 Friday

Dear KCC, I loved learning about the different kinds of bats we also made the bat planes. I'm also going to make the cat scrunchie! In the battle battle I won it against a really smart friend! The bat magazine is so cool and fun to read. Thank you for making such a cool magazine to read! From: Suhee.
