

RECOGNISE YOUR CONSERVATION HEROES!

Who is it that inspires you to protect nature?

Maybe it's someone in your family, a friend, or someone in your community? They might be doing special stuff (like caring for endangered NZ species) or more everyday conservation mahi (like doing their recycling, backyard trapping, donating for fundraising, or taking kids on adventures). Everything we do to help nature matters and adds up.

Present to them this special certificate to tell them why they are your conservation hero!

Colour me in!
